About Us

There is greatness within every teenager. Sometimes silent, sometimes raging, sometimes shining, sometimes stuck... it is there waiting to be discovered and encouraged.

We are The Soar Foundation. We help teens discover who they are and what they can achieve. We believe that exploration of the question "Who am I?" is a pathway to living an authentic life. Soar connects with teens to explore their inner character – follow their true path – and not what's pushed on them from society, adults, peers and the media.

We create and deliver preventative, character-building workshops where teenagers get to explore themselves in dynamic environments, increasing their self-awareness.
