### **About the IEN**

The IEN hosts Coalition 2030 on behalf of its membership. The IEN is a network of 38 national environmental non-governmental organisations (eNGOs) that work to protect and enhance the environment and to place environmental issues centre stage in Ireland and internationally. You will work in a small, energetic team to lead and coordinate the activities of the Coalition.

### **Overview of the Role**

Coalition 2030 is an alliance of civil society organisations working to uphold Ireland's commitment to achieving the Sustainable Development Goals (SDGs) at home in Ireland and internationally by 2030.

The 17 Sustainable Development Goals and their underlying targets are the driving force behind the groundbreaking global declaration adopted in 2015: [Transforming Our World: The 2030 Agenda for Sustainable Development](https://sdgs.un.org/publications/transforming-our-world-2030-agenda-sustainable-development-17981). (<https://sdgs.un.org/publications/transforming-our-world-2030-agenda-sustainable-development-17981>) In 2015, Ireland, along with all other UN Member States signed up to achieve the 17 SDGs by 2030.

Coalition 2030 is Ireland's advocacy and engagement coalition for the SDGs. It comprises 75 organisations - international and domestic NGOs as well as environmental groups, universities and Trade Unions. The role of the Coordinator is to facilitate collective civil society actions in relation to the UN SDGs. We advocate for improved integration of the SDGs into all government processes at national and local level so that they are achieved by 2030.

Coalition 2030 engages with the Irish public and Irish decision-makers to increase their awareness of and engagement on the SDGs in support of ensuring that the Irish Government delivers on its commitments. ## Statement on solidarity participation and inclusion

A commitment to solidarity, participation and inclusion is one of the fundamental values of Coalition 2030. We therefore endeavour to ensure that everyone, particularly marginalised and disadvantaged groups who might be affected by policy are considered and included in the conversation. We acknowledge our privilege as people working in an NGO and understand the fact that there may be barriers to participation. We strive to expand and diversify civic engagement, by creating spaces for everybody to participate and be included in activism and political change. As part of this commitment to the values of solidarity, participation and inclusion we strongly encourage applications from those with identities often under-represented in civil society organisations, for example: people of colour, LGBTQIA+ people, those seeking asylum or with refugee status, people with a disability, or people who are members of an ethnic minority.

## Data Protection

All documentation received by the Irish Environmental Network will be processed in accordance with the Data Protection Acts, 1988 and 2003 General Data Protection Regulation (GDPR; 2018). The information will only be used by the Irish Environmental Network in the processing of job applications and for ongoing administrative purposes with job candidates.
