## **Request for a Tender to Develop a Cork Kerry Inclusion & Integration Communication Strategy**

**Applications for Tenders must be returned by 5pm on Friday, July 12th, 2024.**

### **Background:**

Children and Young People's Services Committees (CYPSC) are key county level interagency structures identified by Government to plan and coordinate services for children, young people and families in every county in Ireland. The overall purpose of CYPSCs is to improve outcomes for children and young people (0-24) through effective, interagency and partnership working at local, regional and national level.

At local level CYPSCs bring together all statutory, community and voluntary agencies which provide services and supports for children, young people and families. The Children and Young People's Services Committees provide a forum for joint planning and coordination of activities and initiatives in order to ensure children, young people and families receive optimum services. The role of CYPSCs is to enhance interagency cooperation and to realise the 5 national outcomes as set out in *Better Outcomes, Brighter Futures: The National Policy Framework for Children and Young People 2014 – 2020*.
