

MS Society of Ireland: Abseil September 2024 **(<https://www.activelink.ie/node/109584>)**

Sat 21st Sep 2024

Join us to Abseil in Dalkey Quarry and raise essential funds for MS Ireland to continue providing services to the MS community. Multiple Sclerosis is the most common disabling neurological condition amongst young people in Ireland with over 10,000 people living with MS. For people living with MS, there is no known cure, but MS Ireland has already made a positive impact on their lives by providing practical support through services such as physiotherapy classes, one to one community support, and respite care. With your support, we can really make a difference - Thank you
