Carmichael Tender
Website Upgrade for www.carmichaelireland.ie
(<http://www.carmichaelireland.ie>)

Background

Carmichael is a leading specialist training and support body for nonprofits in Ireland. Our training, support and resources enable our members and partners to be:

- Better informed and equipped to carry out their own remits more effectively
- Aware of and able to employ best practice for good governance
- Better networked with and supported by peer organisations
- More efficient and effectively run so that they are trusted by their funders and supporters.

With over 30 years' experience based on a foundation of 45 resident organisations we provide expert guidance to nonprofits to support them to become more effective and impactful at what they do. We believe good governance is the beating heart of a healthy nonprofit sector.

Overview

Carmichael's website was created for us in 2018, and while there have been some changes since, we feel that the website requires a comprehensive upgrade to enhance its functionality, design, and user experience. The objectives/requirements below outline the key aspects of the proposed upgrade to ensure alignment with our mission, goals and strategy.

Please see Tender Document attached below or more info [here](#)
