## **Kilmore West Youth Project: Early Intervention Worker & Youth Justice Worker (<https://www.activelink.ie/node/110694>)**

### **Kilmore West Youth Project is looking to recruit to two positions: an Early Intervention Worker (8-11 years) and a Youth Justice Worker (12-17 years).**

We are looking for enthusiastic, motivated, creative individuals to apply for the above roles. Kilmore West Youth Project (KWYP) is a community-based youth and family service governed by a voluntary board of directors. We provide a range of supports and services to meet the needs of young people and families in the area. We work from a strong values base, including equality, empowerment and respect. We have grown as a service over the last year and are now looking for two individuals to come join our growing organisation. In KWYP we value and support all our employees. We understand that this work can be difficult at times and the issues affecting the participants we work with can be complex, we therefore encourage self-care practices and support one another through teamwork, supervision, check ins and training. There will also be a robust and supportive probation process. We adhere to CDYS salary pay scales, implement public sector pay rises and yearly increments. We are offering you the opportunity to work within a team of passionate and driven individuals who are working for change.

*We hope you consider these positions, and we look forward to hearing from you!!*

---
