Educate Together invites applications from candidates interested in joining a school board of management.

Educate Together is a modern, dynamic charity that is redefining standards in inclusive, learner-centred education. It is providing a long-overdue choice of equality-based primary and second-level schools for thousands of families in Ireland. It is working to transform the learning environment for all pupils so that they are properly prepared for life in the twenty-first century. Educate Together schools are state-funded, child-centred and democratically run and guarantee equality of access and esteem to students irrespective of their social, cultural or religious background.

Educate Together National Schools and Secondary Schools are managed by independent boards of management. A small number of vacancies exist for patron nominees.
