### **What does the Tivoli Early Years' centre do?**

The project seeks to improve child developmental outcomes for children aged birth to 5 years and to maximise the capacity of their families/carers to meet children's needs by offering an Early Intervention Service.

To achieve this we provide targeted supports for individual children and a bundle of integrated family support services for their families. Specific attention is given to those families where child protection or welfare concerns exist.

The service is needs-led working with the most vulnerable and disadvantaged families and outcomes-focussed specifically focussing on parenting skills and child/parent relationships in order to reduce subsequent difficulties for children.

Our overall aim is:

- To increase children's emotional wellbeing
- To improve children's learning and development

We do this by providing a range of Hardiker level and 2 and 3 interventions in response to the individual assessed needs of children and their families referred to Barnardos.

Services include Infant and Toddler and Preschool programmes for children based on the High Scope and Tús Maith curriculum, Individual work with children, Individual home based parenting work for example Partnership with Parents (PwP), Parent/Child work, Practical Family Support, information and advocacy, and group work with parents and guardians,

including a Parents' Breakfast.

Tivoli is a busy centre with children and their parents/carers attending our Early Years' and Preschool services on a daily basis and additional families attending the family support services.

We work to provide a response, which involves interagency collaboration in order to maximise outcomes for families.

## Who do we work with?

Referrals are accepted from Tusla, the HSE, schools, and other agencies and individuals, as appropriate, including other Barnardos services and parents/carers themselves.

## What will the Cleaner do?
