# RETHINK IRELAND

Rethink Ireland has recently launched the third open call of the Hybrid Social Finance Loan, a unique opportunity for social enterprises to develop a credit record and increase their financial sustainability. A total of €550,000 is available for loans and cash support for this round. Applications will close once all awards have been allocated. This initiative is possible through Department of Rural and Community Development funding via the Dormant Accounts Fund as well as loans from Community Finance Ireland.
