About Sophia

Sophia is a national organisation that has been supporting people as they emerge from homelessness since 1997.

Sophia is a niche service provider for two reasons; Firstly, it sees the provision of home of one's own as the primary response to homelessness and the intervention that Sophia is exclusively focused on. Secondly as an Approved Housing Body, its core mission is to provide homes for individuals, couples and families who not only need a home but also present with other support needs.

We aim to provide safe and innovative projects for vulnerable families and individuals which will enable them to make a positive difference in their lives.
