

Irish Aid Global Citizenship Education Grants **(<https://www.activelink.ie/node/111887>)**

Irish Aid Global Citizenship Education Grants (GCE) grants support organisations to build awareness and understanding of the rapidly changing, inter-dependant and unequal world in which we live and to encourage individual and collective action by people of all ages. Grants are available to a range of organisations, including those working in schools, third level institutes, youth organisations and in the adult and community sector in Ireland.

The Irish Aid Global Citizenship Education grant scheme is a competitive process that provides grants of between €10,000 and €180,000 of one, two or three years in duration. It includes the Innovation Challenge Fund, which supports initiatives designed to reach new audiences, or which pioneer fresh approaches to Global Citizenship Education, including the use of new technologies.
