

## **The Hive Youth Hub Kildare Town** **(<https://www.activelink.ie/node/111934>)**

### **Vision, Mission and Values**

Our vision is: "To create a dynamic, healthy, safe and fun environment where all young people in Kildare can meet, relax, and access a wide range of activities and supports."

Our mission is: "Creating opportunities with and for young people in Kildare"

### **Our guiding principles are based on young people being:**

- Respected and valued
- Reaching their full potential
- Included (particularly young people who are traditionally excluded)
- Enabled to have a voice, be listened to and be central to decision making processes
- Offered opportunities to express themselves
- Meeting new friends, having fun and experiencing new things

### **We will run the Hive in a way that:**

- Ensures young people are core in decision making and have opportunities to lead in all aspects: the space, programmes and the organisation
- Supports collaborative working between agencies
- Values innovation and utilises a range of approaches to engage with young people
- Is flexible and adaptable to changing needs
- Runs in accordance with best practice
- Informs future youth service provision.
