

Irish Hospice Foundation: Online Bereavement & Loss Workshops (<https://www.activelink.ie/node/112521>)

From January to June, Irish Hospice Foundation will be running 20 online workshops, covering a range of topics on bereavement and loss, such as “Bereavement in the School Community”, “Working with Adults Facing Death”, and “Children and Loss”. (See all workshop topics below.)

About the Bereavement & Loss Workshops

These workshops are targeted at professionals and volunteers who may wish to learn about bereavement and loss, and for those working with people who have experienced a loss. The aim of the workshops is to equip attendees with the understanding of the grieving process, communication skills, and appropriate methods for supporting those who are bereaved.

The workshops are facilitated by practitioners who specialise in specific aspects of bereavement and loss and bring a wealth of experience and knowledge to the training.
