As part of our strategic goal to extend our reach, we wish to launch a Mobile Alternative Suspension Unit to bring the service directly to communities where we aim to establish new hubs.

This role offers the opportunity to bring life-changing support directly to young people. With a focus on empowering students aged 10-18, you will facilitate engaging, structured interventions that address behavioural challenges, all while promoting resilience and future success. Working with us means being part of a dynamic team that thrives on creating inclusive pathways, opening doors to opportunities, and positively transforming the lives of the communities we serve.
