**Queries welcome.**

Closing Date for Applying: January 20th 2025

---

### **About the Neurological Alliance of Ireland**

The Neurological Alliance of Ireland brings together nearly 40 non profit organisations to advocate for the rights of the over 860,000 people throughout Ireland living with a neurological condition. Neurological conditions affect the brain and spinal cord and now represent the leading cause of disability worldwide. Founded in 2003, the NAI advocates for the development of quality services for people living with neurological conditions. Our campaigns are rooted in the experiences of our members and the individuals and families with whom they work. We provide a united and expert voice on neurological care through advocacy, policy development and awareness raising. More information can be found at [www.nai.ie](http://www.nai.ie) (<http://www.nai.ie>).

### **The Role**

This internship provides an exciting opportunity for hands on work within a successful advocacy umbrella organisation. The ideal candidate should have a strong interest in advocacy, as well as experience in an advocacy role either paid or in a voluntary capacity within the charity sector. They will be required to contribute to the development and delivery of evidence based policy and advocacy campaigns within NAI, as well as supporting engagement with key stakeholders both within and outside the organisation.

They will need to work well as part of small team, have good organisational and networking skills and have an interest and enthusiasm for effective advocacy.

#### **Region**

Remote

#### **Date Entered/Updated**

10th Dec, 2024
