Introduction

The International Organization for Migration (IOM) is committed to supporting migrant populations in Ireland. As part of this commitment, IOM seeks to enhance the integration of migrants into Irish society by improving their English language proficiency, which is crucial for both their social inclusion and employability. This initiative aims to provide practical, community-based English language support, fostering access to employment opportunities and promoting social integration.

Objective

IOM Ireland aims to engage an Implementing Partner (IP) to provide English language support through tailored programs that meet the needs of diverse migrant populations. The focus is to improve beneficiaries' communication skills, facilitate access to employment, and ensure successful social integration within Irish communities.
