

Health Management Institute of Ireland: Upcoming Courses this Spring (<https://www.activelink.ie/node/113745>)

Great learning – immediate impact – train with HMI

Do your team or staff need training which is focused, relevant and delivers the practical skills needed to do the job? Our training courses are designed to do just that.

HMI training is expert, flexible and cost effective.

We have a number of tutor-led management and soft skills courses running during Spring 2025. These courses are fully online, no travel necessary. Train from the workstation or the home office.

Each course can also run on an **in-company** basis.

Management courses leading to a QQI qualification

- [Management Essentials, fully online, starting 6th March 2025](https://www.hmi.ie/wps/events/management-essentials-fully-online-6th-march-2025/)
