### **Background:**

Children and Young People's Services Committees (CYPSC) are key county level interagency structures identified by Government to plan and coordinate services for children, young people and families in every county in Ireland. The overall purpose of CYPSC is to improve outcomes for children and young people (0-24) through effective, interagency and partnership working at local, regional and national level.

At local level CYPSCs bring together all statutory, community and voluntary agencies which provide services and supports for children, young people and families. The Children and Young People's Services Committees provide a forum for joint planning and coordination of activities and initiatives in order to ensure children, young people and families receive optimum services. The role of CYPSCs is to enhance interagency cooperation and to realise the 5 national outcomes as set out in Young Ireland: *The National Policy Framework for Children and Young People*.

Cork CYPSC 'Safe and Protected' subgroup was initially set up to focus on highlighting the services, needs and gaps in relation to sexual violence support services, however with the development of the CYPSC Children and Young People's Plan 2024 – 2026 the sub group widened its remit to focus on Domestic, Sexual & Gender Based Violence services and those providing wider supports to keeping children, young people and families safe and protected.

### **Tender Request:**

Cork CYPSC in partnership with Barnardos and other key stakeholders under the CYPSC 'Safe and protected' subgroup invite tenders to develop a Mapping of DSGBV services in Cork City and County.

The subgroup have identified the need for a resource to ensure those requiring DSGBV supports and also professionals working in the area, are aware of the different services available and referral pathways for accessing services.

### **Project Outputs:**

The tenderer is required to undertake the following tasks:

1. To liaise with the CYPSC 'Safe and protected' subgroup to facilitate the development of an accessible Mapping resource of DSGBV services in Cork City and County.
2. Develop a Mapping Resource, which informs both professionals and those requiring DSGBV supports of services and referral pathways.
3. Present the Resource at a Launch Event in the Autumn of 2025
4. Provide regular progress updates to the project steering group.
