Request for Tenders for Financial Consultancy Support in bringing in a Financial Management System

Introduction

South Dublin County Partnership (SDCP) is a local development company in South Dublin County, Ireland. We are a registered charity, and we develop and deliver projects to tackle poverty and social exclusion in the area, particularly in West Tallaght and North Clondalkin. We do this through working together with people, local groups and partner organisations and through the practice of community development. Our approaches to this work are underpinned and informed by a strong commitment to social justice

Purpose of Request for Tenders (RFT)

As over 50% of its funding is from public bodies, SDCP must ensure competitive tendering for the goods and services it buys.

SDCP are looking to engage an appropriate body / consultant to support us in developing and awarding a tender for a new Financial Management System, as well as some consultancy advice in the design stage with the successful tender.

Please see Tender document attached below.
