

Irish Kidney Association: Office Manager **(<https://www.activelink.ie/node/115005>)**

Office Manager

About us

Founded in 1978, the IKA is passionate about and dedicated to meeting the needs of renal patients, their families and carers. Kidney disease affects all age groups, both men and women. The reality of kidney disease is that it may impinge on many strands of a person's life including health, employment, education, social life and relationships, physical fitness and general well-being. As the only organisation representing the views of Irish kidney patients, the IKA continually lobbies on their behalf. By joining with other organisations, the IKA also helps in furthering the aims of all patients with chronic illness and improving their quality of life. The patient remains at the centre of the IKA — the patient's needs are paramount.

About the role:

Contract type: 5 days a week, Permanent Contract

Location: Irish Kidney Association, Donor House, Block 43A, Park West, D12 P5V6. Working from Home for part of the week will be available, once probation completed.

About the Job:

This is an exciting opportunity for an enthusiastic and organised person looking to join a national charity led by patients and their families, with a good working culture. The right candidate will be highly motivated, patient driven and hold 4 years' experience in a similar office management role.

This role requires excellent communication skills, leadership, attention to detail, and experience in building mutually beneficial relationships. You will report directly to the CEO and manage administration with the Board. This is an excellent opportunity for the right candidate who is looking to make a positive difference in the work they do.

How can You Make a Difference?

Through its services, branch network and the good will of supporters, the IKA has helped patients and families throughout the country.

The Office Manager leads the operation of the office, managing a small team of two part time staff, who are often the first point of contact for patients and families. This role is vital to our operation as it ensures patients and their families receive a warm welcome. The Office team also supports operation of meetings and events. For example, Organ Donor Awareness week or the service of Remembrance and Thanks. We continue to innovate with new services such as online peer support and a new residential support centre introduced in 2024. The Office Manager supports the operation of these services working closely with the relevant service or project manager.

Office Manager Job Description
