

ACET Ireland: Positive Youth Project Volunteers **(<https://www.activelink.ie/node/115200>)**

Volunteers Wanted

ACET Ireland's Positive Youth Project is looking for enthusiastic individuals from all walks of life to join our team. While it's not a requirement, we encourage and support those with lived experience or who have been affected by HIV to apply. Your unique perspective could inspire and empower young people while also shaping the future of our project.

Please get involved and help us create a positive impact!

What We're Looking For

- Someone who enjoys working with adolescents and young adults
- A great team player
- An excellent communicator
- Empathetic and perceptive
- Someone adaptable and quick on their feet

We are looking for volunteers to help with our peer meet-up events.

The Peer meet-up events connect young people living with HIV to share experiences with peers of the same age group. The project coordinator will organise these events. The events will involve learning about HIV, discussions on various issues faced by young people living with HIV, and participation in fun activities, e.g. Cinema trips, bowling, picnics, etc.
