Children4worldChildren is a non-profit, non-racial and non-political organization that focuses on alleviating child's poverty. The C4WC intensive initiative promotes holistic support for young people globally, nurturing talents, empowering individual young people to maximise their potentials for a better future.

Our Target

Our Belief

Every individual child can flourish, blossom and bloom if well cultivated and nurtured.

Our Vision

To empower/link the world's most deprived children with opportunities that enhance their chances to actualise their own unique dreams.

Our Core Values
