Our Vision

Our vision is an inclusive Ireland where people with an intellectual disability are supported to live and participate as an equal member within the community.

Our Mission

Our mission is to champion the rights of people with an intellectual disability in Ireland through securing the full implementation of the United Nations Convention on the Rights of Persons with Disabilities (UN CRPD).

We will have achieved this mission when people with an intellectual disability have their voices heard, are not isolated or segregated and can lead to more independent and healthier lives.
