About LASC

LASC (Latin America Solidarity Centre) is a membership-based organisation. We are individuals who share a passion for real social change in Latin America and Ireland, and we believe that peace with justice and equality for all can come only through genuine participation of everyone in society's decision making.

From its foundation, LASC has challenged the many social, environmental, and economic issues facing Latin America, always working in solidarity and cooperation with the people affected.

Our Vision and Mission

LASC believes in a Latin America and an Ireland based on equality, social justice and an equal realisation of cultural, social, political, civil and economic rights for all human beings. LASC's mission is to expose and challenge the current injustices in Latin America and in Ireland, through public awareness raising, development education, information exchanges and campaigns in solidarity with the people of Latin America who are resisting oppression and are struggling to create a fair and inclusive society.
