

North Clondalkin Community Development Programme **(<https://www.activelink.ie/node/270>)**

North Clondalkin Community Development Programme's vision is to challenge social exclusion within North Clondalkin by enabling the community to develop economically, socially and culturally.

We are committed to work for social change, which will improve the quality of life for the community of North Clondalkin to make it a safe, visually attractive and welcoming community.

North Clondalkin Community Development Project (CDP) is part of the National Community Development Programme. The CDP is funded through National Lottery funding as part of the National Development Plan from the Department of Community, Rural and Gaeltacht Affairs.
