

Respond (<https://www.activelink.ie/node/286>)

The need for housing and community-based services has never been greater. What we in Respond do is all about people and the communities around them. It is vital that new housing developments, so badly needed, also have vital community infrastructure such as those that Respond provide – Early Childhood Care and Education Services, Day Care Centres for Older People, Family Homeless Services, Refugee Resettlement Services and Family Support. We work to promote social inclusion, integration and self-sufficiency. Local services such as these can be the glue that creates and binds a community together.
