

Positive Futures (<https://www.activelink.ie/node/29974>)

We do that by enabling people to realise their hopes, dreams and ambitions. We change attitudes by proving that a person doesn't have to be defined by their disability. And we change society by showing that, with the right support, everyone can play a valuable role in the community.

To us, involvement, inclusion and equality are not just words. They drive everything we do.

You can help us to transform lives, change misconceptions and build a society that understands, welcomes and includes people with a learning disability.

Our Mission

Working together to achieve dreams and transform lives

Our Values

PEOPLE FIRST – The people we support will always be our top priority

OPPORTUNITIES – We seek out opportunities to make life better for the people we support through the commitment and dedication of our staff and volunteers

SPEAKING OUT – Working in partnership with the people we support, we will champion their rights at every opportunity with decision makers, with government – locally, regionally and nationally – and in the media

INNOVATION – We are a learning organisation that is always looking for new, creative and better ways to do things

TENACIOUS – We don't give up – if it needs to be done, we believe it can and will be done

INVOLVEMENT – The people we support and our staff will always have a say in the running of the organisation and we will celebrate with our partners and stakeholders what we achieve together

VALUE – We deliver life-long results and transform peoples' lives in a cost-effective manner

EXCELLENCE – We will always aim to be the best we can be in supporting people to achieve their dreams and transform their lives
