

National Federation of Arch Clubs **(<https://www.activelink.ie/node/407>)**

The Federation is an umbrella Organisation which assists its Arch clubs dotted around Ireland. ARCH CLUBS provide a secure social environment for people with special needs, their siblings and friends to learn, form friendships and above all have fun. Some clubs meet once a week, others more often.

We aim to:

- provide a social outlet for people with special needs
- develop the members social skills, self- esteem and quality of life through a dynamic range of activities
- provide support, information and respite for parents and families
- influence public policy towards those with special needs through contact with statutory agencies.
