

Saint Joseph's Shankill (<https://www.activelink.ie/node/44882>)

Saint Joseph's is the only home in Ireland solely dedicated to dementia care in Ireland – where feelings matter most. 60 people call Saint Joseph's their home and we also provide a weekly respite service and day care facility. We are a Quality of Life Butterfly Home awarded by Meaningful Care Matters.

Our vision is to lead the way in dementia care in Ireland through innovation, education and community engagement. Developing best practices that others can replicate, where families, staff, volunteers and communities are supported, engaged, and empowered to ensure that people living with dementia enjoy the **Quality of Life** they deserve.

Our mission is to provide dementia specific person centred care, focussing on the social, emotional, psychological and physical needs of people at all stages of dementia, in a real home environment, where their feelings matter most – in accordance with our values: Hospitality, Excellence, Compassion, Respect, Justice.
