

[Native Woodland Trust \(https://www.activelink.ie/node/465\)](https://www.activelink.ie/node/465)

The Native Woodland Trust is dedicated to the preservation and expansion of Ireland's remaining Ancient woodlands and their flora and fauna. As the least wooded country in Europe, Ireland has less than 0.2% of her woods left, with all large animals (except Red Deer), all Eagles, several birds of prey and many other speices extinct.

By restoring the natural habitat of Ireland, we hope to be able to restore our distinctive wildlife and preserve it for future generations.
