

Dublin Christian Mission (<https://www.activelink.ie/node/502>)

Dublin Christian Mission is a non-denominational organization located in the heart of Ireland's largest city. Our goal is simple: meet the physical and spiritual needs of our community. We seek to work in neighborhoods that have a high rate of drug abuse, poverty, broken homes, abuse, teenage pregnancy, and crime. We believe these high-risk communities have incredible potential and it is our hope that through our various ministries, we can help others find freedom and healing.

"We believe these high-risk communities have incredible potential and it is our hope to see people find their freedom and healing"

Non-denominational Ministry: Though we are a Christian organization, we do not subscribe to a specific denomination, and regularly work with various churches and individuals who share the same goal. All Christians participating in the mission do so with the understanding that the activity they are involved in will not become a platform for any principles or practices particular to any church background. We want to love people and lead them towards Jesus Christ.
