

Irish Institute of Clinical Neuroscience **(<https://www.activelink.ie/node/545>)**

The Irish Institute of Clinical Neuroscience (IICN) aims to promote the academic clinical neurosciences in the Republic of Ireland and in Northern Ireland.

It organises academic meetings where teaching is carried out and where findings from neuroscience research are presented. It endorses research in neuroscience in Ireland and offers support for conducting research.

The membership of the IICN includes neuroscience clinicians and scientists working in the Republic of Ireland and Northern Ireland. (tel:+35361622652)

The IICN aims to:

- provide up-to-date information on the clinical neurosciences on the island of Ireland
- support the members and their trainees in their research and academic activities
- promote the availability of high standard clinical neuroscience services on the island of Ireland
- advocate on behalf of patients and their support groups
- collaborate with Irish neuroscientists working in other countries.
