

Kilkenny / Carlow Area Supported Employment Service **(<https://www.activelink.ie/node/6132>)**

Kilkenny / Carlow Area Supported Employment Service is a free and confidential service available to both employers, employees and jobseekers.

It is a FÁS funded initiative that enables and empowers people with varying abilities who require extra support or those with a disability or an illness to search for employment in the open labour market. We prepare people to access and maintain employment while also assisting them to successfully integrate into the staff team.

In addition to this we are also available to those who are currently in paid employment and need our support to sustain their role. Our aim is to assist employers to retain those staff who acquire an illness or condition that affects their ability to carry out their job.
