

Crumlin CDP (<https://www.activelink.ie/node/733>)

Founded in 2005 the mission of the Crumlin Community Development Project is to improve and develop co-operation between state-run and community agencies, to establish a center to increase and centralize services, to encourage people to contribute to their own personal development and the development of their area, to ensure all efforts are made to the community of Crumlin has access to a full range of services and facilities to meet their needs. Helping groups and individuals in the community to access services (including the CDP), especially those lacking a community infrastructure and suffering from severe marginalisation.
