Core Ireland Mission Statement: "Core Ireland commits to provide a helping hand to those in need within our community".

Core Ireland is a community-based, volunteer-led charity in Navan, County Meath.

We act as a hub that connects with and provides services for the community, local charities, and worthwhile causes.

We do this by focusing on projects that will help restore a real sense of community, by bringing people and organizations together.

This collaboration aims to address issues in areas such as mental health, community development, poverty, and social inclusion.

Projects and services such as The Nourish Food Bank and The Mental Wellbeing Program are available for any members of the community to avail of.

Our services are strictly confidential to help protect those who need them most.

Core Ireland has many volunteers, with a wide range of experiences from all different parts of Meath.

This now includes many volunteers who contribute remotely from all over Ireland. Each volunteer plays an essential role in Core and we value all the work they do!

We work with the local community to create unity and connection for all locals in the area and beyond.
