Based in the North West of Ireland and influencing across the island of Ireland Alcohol Forum Ireland is a not for profit organisation that operates in conjunction with the Health, Justice, Education, Community and Business sectors.

We are the only Alcohol Charity in Ireland working at community level to reduce alcohol consumption levels through “the implementation of best practice/needs led/structured activity on community mobilisation and community action on alcohol”. We are instigators of action on alcohol for community, voluntary and statutory agencies working to tackle alcohol harms nationally.

Our Vision

An Ireland where every child, family and community is free from the harmful effects of alcohol.

Our Mission

To create and inspire change by working with individuals, families and communities to prevent and reduce the harm caused by alcohol.
