

Not So Different (<https://www.activelink.ie/node/92583>)

Not So Different is a Social Enterprise that promotes Equality and Inclusion for people who are neurodiverse. It's all about bringing people who are neurodivergent and neurotypical together, to work with each other, learn from each other and create great opportunities

We work with young people who are neurodivergent to help them develop and showcase their creative ability and talents.

We work with industry and employers to train them to become more inclusive of neurodiversity and bring about true equality. We also work with educational institutions, communities, families, government, and other agencies to improve their understanding of neurodiversity.

Not So Different is about to embark on an exciting new phase, with new projects that will give even greater opportunity to showcase talent and ability, and create new opportunities for us all to come together to work together.
