

[Empowerment Plus \(https://www.activelink.ie/node/93998\)](https://www.activelink.ie/node/93998)

Empowerment Plus is a Nationwide non-profit organisation with registered charitable status that works with young people and families who are at risk within their home or community. As an organisation, Empowerment Plus is committed to supporting young people, and families by protecting a wraparound, needs based support.

Our Mission

Here at **Empowerment Plus** our focus is on “**Empowering** people to effectively respond to their own issues, to help instil a confidence and ability to design their own future.”

The “**Plus**” stands for People Learning Universal Skills. When young people and families no longer need our care and support, we try to ensure that they are equipped with the necessary skills to live happy and to their full potential.
